## **COVID-19** Screening **Questions for Patients**

Naturopathic Doctors and all other regulated health practitioners are required by the Ontario Ministry of Health & Long-Term Care to screen patients attending an inperson appointment.

If you answer "yes" to any of the following questions, we cannot see you for an in-person appointment & you must get tested for COVID-19.

- 1. Have you travelled outside Canada in the last 14 days?
  - □ Yes No No
- 2. Have you tested positive for COVID-19 or had close contact with a confirmed case of someone with COVID-19 without wearing appropriate PPE?

Yes No No

## 3. Do you have any of the following symptoms?

Yes       No       New onset of cough         Yes       No       Worsening chronic cough         Yes       No       Shortness of breath         Yes       No       Difficulty breathing         Yes       No       Sore throat         Yes       No       Officiulty breathing         Yes       No       Difficulty breathing         Yes       No       Difficulty swallowing         Yes       No       Decrease or loss of sense of taste or smell         Yes       No       Decrease or loss of sense of taste or smell         Yes       No       Headaches         Yes       No       Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       Pink eye (conjunctivitis)         Yes       No       Pink eye (conjunctivitis)         Yes       No       Runny nose or nasal congestion without other known cause         4. If you are 70 years of age or older, are you experiencing any of the following symptoms?         Yes       No       Delirium         Yes       No       Acute functional decline		Yes		No	• Fever
Yes       No       • Worsening chronic cough         Yes       No       • Shortness of breath         Yes       No       • Difficulty breathing         Yes       No       • Sore throat         Yes       No       • Difficulty swallowing         Yes       No       • Difficulty swallowing         Yes       No       • Difficulty swallowing         Yes       No       • Chills         Yes       No       • Chills         Yes       No       • Headaches         Yes       No       • Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       • Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       • Nausea/vomiting, diarrhea, abdominal pain         Yes       No       • Pink eye (conjunctivitis)         Yes       No       • Runny nose or nasal congestion without other known cause         4. If you are 70 years of age or older, are you experiencing any of the following symptoms?         Yes       No       • Delirium         Yes       No       • Unexplained or increased number of falls         Yes       No       • Acute functional decline         Yes       No       • Worsening of chronic conditions <th></th> <th></th> <th></th> <th></th> <th></th>					
Yes       No       Shortness of breath         Yes       No       Difficulty breathing         Yes       No       Sore throat         Yes       No       Difficulty swallowing         Yes       No       Difficulty swallowing         Yes       No       Difficulty swallowing         Yes       No       Decrease or loss of sense of taste or smell         Yes       No       Chills         Yes       No       Headaches         Yes       No       Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       Unexplained fatigue/malaise/muscle aches (myalgias)         Yes       No       Nausea/vomiting, diarrhea, abdominal pain         Yes       No       Pink eye (conjunctivitis)         Yes       No       Pink eye (conjunctivitis)         Yes       No       Runny nose or nasal congestion without other known cause         4. If you are 70 years of age or older, are you experiencing any of the following symptoms?         Yes       No       Delirium         Yes       No       Unexplained or increased number of falls         Yes       No       Acute functional decline         Yes       No       Worsening of chronic conditions <th></th> <th></th> <th>_</th> <th></th> <th>5</th>			_		5
